COURSE SYLLABUS

Academic year 2011-2012

3. ACADEMIC CONTEXT

3.1. Course Description and Objectives

The subject "Intermediate Financial Accounting" is located in Module V: Accounting and Finance, which is composed of nine subjects, five of them belonging to Accounting, two in the field of Management Accounting and three in the field of Financial Accounting. The module V contains 54 ECTS credits, 42 compulsory and 12 optional. The Intermediate Financial Accounting course has a working load of 6 compulsory credits and it is scheduled in the second year of the degree in Business Administration and Management, and the joint Degree in Business Administration and Management, and Law.

The overall aim of this subject is to develop students accounting knowledge by focusing on accounting rules for measuring and recording and taking into account International Accounting Standards.

Moreover, it has to be pointed out that a shared aim to be promoted throughout the whole accounting curricula is to infuse students with values in order them to be able to understand ethics in accounting profession and the role of accounting in promoting social responsibility, sustainability and accountability.

3.2. Contribution to the Training Plan

This subject is a continuation of "Introduction to Financial Accounting", scheduled in the second half of the first year of the degree. The knowledge provided in Intermediate Financial Accounting will allow students coping with the task of interpreting financial accounting statements and accounts and analysing accounting information, which will be accomplished along the next two accounting subjects in the curricula: Advanced Financial Accounting and Financial Statements Analysis, respectively.

The subject also aids in decision making processes faced in subjects included in other modules of the degree (eg, Business Administration and Finance).

3.3. Recommendations or Prerequisites

It is advisable to have acquired knowledge and skills provided in the subject "Introduction to Financial Accounting".

7. ASSESSMENT

To pass this subject students could take two official exam per year, which will be governed by the same evaluation criteria.

The evaluation of various educational activities will take with the following criteria:

- The content and skills acquired in Basic Teachings sessions (Lectures) represent 50% of the overall rating and is evaluated using a theoretical-practical final exam.
- The content and skills acquired in Practical Teaching and Development sessions (seminars) represents 50% of the overall grade. This part will be assessed continuously through the various activities carried out during the course, mainly through participative attitude of students in class (20%) and several assignments (30%).

Students will pass if you get 5 points or more. Students have to get a minimum of 3 out of 10 in the theoretical-practical final exam.

IMPORTANT, please note:

- For students officially enrolled in this course, continuous assessment obtained on Practice and Development Learning will be valid through final evaluation periods for the current academic year, but not for the following academic year.
- All students enrolled in the course must turn in a fully completed photo card to the professor within the first two weeks of class (including a valid email address).
- International exchange students (Socrates/Erasmus/PIMA) sit the same exams and are evaluated according to the same criteria as other students with the exception that they will be allowed to use a dictionary when sitting exams.

MOBILITY:

The UPO students participating in one of the official mobility programmes (Socrates-Erasmus, Seneca, Atlanticus, Mexicalia, etc.) who take this course outside their study agreements will be able to recover the part of the final mark corresponding to the continuous evaluation doing an additional task, apart from the written exam. Such students should notify the teaching staff of the course before 30 April 2012. Any break of the deadlines must be acknowledged by the Academic Coordinator of their Mobility Program.
